DECLARATION OF EMERGENCY

Department of Public Safety and Correction

Liquefied Petroleum Gas Commission

Broker Permit/Miscellaneous Amendments

(LAC 55:IX:Chapter 1)

The Department of Public Safety and Corrections, Liquefied Petroleum Gas Commission, has exercised the emergency provision in accordance with R.S. 49:953(B), of the Administrative Procedure Act, to amend, supplement and expand portions of and readopt LAC 55:I.Chapter 1 as authorized by R.S. 40:1846. Furthermore, the Liquefied Petroleum Gas Commission has found an immediate need to adopt amendments to create a new class of permits applicable to brokers and special vendors of liquefied petroleum gas within the State of Louisiana. In particular, the Emergency Rule amends LAC 55:IX.Chapter 1, Section 107 to require a permit for third party brokers who are instrumental in the sale and service of liquefied petroleum. The adoption of this Rule on an emergency basis is necessary due to the hazardous components of liquefied petroleum gas, also referred to as propane or butane, which are flammable mixtures of hydrocarbon gases used as fuel in heating appliances, cooking equipment, and vehicles. The Liquefied Petroleum Gas Commission finds that an imminent peril to the public health, safety and welfare requires adoption of this Rule. This Emergency Rule was adopted and became effective January 20, 2017 and shall be in effect for the maximum period allowed under the Administrative Procedure Act or until adoption of the final Rule, whichever occurs first.
